# Curriculum Document: Music

# INTENT - The Music Curriculum

Hunton & Arrathorne Community Primary School is a musical school; pupils love music and are successful at it. As well as the curriculum diet, pupils are exposed to musical events throughout the year including our popular Spring Concert and spectacular end of year musical productions. Pupils come together weekly for a singing assembly, take part in regular musical productions and have the opportunity to learn a musical instrument through our links with the NYCC music service. Many pupils further their interest and study of Music privately and at home.

At our school, children gain a thorough understanding of what music is by playing, listening, composing, analysing and evaluating across a wide variety of styles, traditions, genres and historical periods. We are committed to ensuring children are exposed to all types of music and making our curriculum spark interest in the subject, which the children take with them throughout their life. We are committed to ensuring children have access to a range of musical styles and see music as a form of creative expression.

Children's exposure to culturally important music is further explored through 'Music of the Week' which covers a range of genre, artists and eras.

We strive to ensure our children access and receive an enriched musical experience – part of our H&A '36 before Y6' involves children attending a concert, performing on a theatre stage and attending a professional theatre production.

### **IMPLEMENTATION-The Music Curriculum**

I	nterrelated Dimensions of Mu	ic
1. Pulse	2. Rhythm	3. Pitch
4. Tempo	5. Dynamics	6. Timbre
7. Texture	8. Structure	9. Notation

The music curriculum ensures students sing, listen, play, perform and evaluate. Music is taught through the Sparkyard Music Schools programme from Reception – Year 6. In addition to our music curriculum, the children also develop instrumental skills through specialist music teaching from North Yorkshire Music Service.

Music is embedded in the classroom activities (formal music lessons) as well as the weekly singing assemblies, concerts and performances, extra-curricular activities and the learning of musical instruments. Pupils have the opportunity to perform at least three times per year, culminating in a staged musical production in the summer. Appreciation of music is further developed through 'Music of the Week' which is promoted in assemblies and incorporates the very best of what has been written and performed. The elements of music are taught in the classroom lessons so that children are able to use some of the language of music to dissect it, and understand how it is made, played, appreciated and analysed. In the classroom, students learn how to play an instrument progressively, also building on their understanding of musical notation.

Substantive knowledge in Music focuses on developing children's knowledge and skills in order for them to become competent musicians. This is achieved through deliberate practice and learning about music from a range of genres, styles, periods and artists.

Disciplinary knowledge brings in the nine interrelated dimensions of music (above) and how this is used when singing, composing, improvising and playing.

Music lessons are taught weekly and, combined with our singing assembly, we ensure pupils have at least one hour of music per week.

### **IMPLEMENTATION – Appraisal**

'Music of the Week' offers pupils the opportunity for pupils to explore the best of what has been thought and said in the musical world. Previous 'Music of the Week' pieces have included:

	Genre	Artist	Title
Music of the Week   Rhythm & Blues		John Legend Feat. Arianna Grande	Tale as old as Time
(Sample)	Ska	Madness	Baggy Trousers
	Рор	Kylie Minogue	I Should Be So Lucky
	Classical	Wolfgang Amadeus Mozart	Eine Kleine Nachtmusik
	Boy Bands	Take That	Never Forget
	Legendary Women	Aretha Franklin	Respect
	Brit-Pop	Stone Roses	Waterfall
	Blues	Etta James	At Last
	Pop Punk	Pink	Time
	Rock and Roll	Elvis Presley	Jailhouse Rock
	Northern Soul	Massive Attack	Unfinished Symphony
	Dance	Pet Shop Boys	Go West
	Show Tunes	Les Misérables	One Day More

# **IMPLEMENTATION – Performance**

	Autumn	Spring	Summer
Opportunities for performance	Rec – Year 6 Harvest Celebration	Rec – Year 6 Spring Concert	Year 2- Year 6 Musical
	Rec – Year 2 Nativity Performance	Rec – Year 6 Easter Labyrinth	(Previous performances have included 'Annie', 'Joseph & The Amazing Technicolour Dreamcoat', 'Olivia' and 'The Jungle Book')

### **IMPLEMENTATION – Learning from Professionals & Amateurs**

Alongside our curriculum offer, opportunities for pupils to watch and appraise professional and amateur musicians are timetabled into the curriculum. For example, pupils had the opportunities to watch a recorder troupe perform, professional brass quartet 'Backchat Brass', visit the theatre to watch a pantomime and Upper Key Stage 2 pupils attended a West-End show. Peripatetic music teachers visit school weekly to work alongside individuals and groups and occasionally attend assemblies.

#### **IMPLEMENTATION – Extra-Curricular Clubs**

As part of our well-planned extra-curricular programme, pupils have the opportunity to attend musical clubs throughout the year. Currently, pupils in Upper Key Stage 2 may attend Advanced Recorder Club and pupils from Year 2 – Year 4 attend Handbell Club. We also host a 'Music Makers' club where children can create their own compositions as well as 'Singing Club' and 'Choir'.

# IMPLEMENTATION – Music Long-Term Planning

	Autumn	Spring	Summer
Reception	My Musical Classroom	Musical Patterns & Performing	Sound Stories
Year 1 / 2 (A)	Move to the Beat – Exploring Pulse & Rhythm	Musical Moods & Pictures	High & Low – Exploring Pitch
Year 1 / 2 (B)	Time to Play – Exploring Pulse & Rhythmic Patterns	Exploring Sounds	Patterns with Pitch – Exploring Pitch & Melody
Year 3	Here It, Play It! – Exploring Rhythmic Patterns	Painting Pictures with Sounds	Sing, Play, Notate!
Year 4 / 5 (A)	Rhythm Builders – Exploring Rhythmic Layers	Musical Contrasts	Song Ingredients – Exploring Melody, Harmony & Lyrics
Year 4 / 5 (B) Playing with Rhythm – Playing Together & Rhythmic Structures		Music and Words	Melody Builders – Exploring Melodies & Song Structures
Year 6	We've Got Rhythm – Rhythmic Devices & Structure	Musical Effects & Moods	Celebrating Songs

# IMPLEMENTATION – Music Progression

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Singing	Sing simple songs and chants, focusing on accurate pitch. Use voices expressively and creatively in singing.	Continue to sing simple songs and chants with increasing pitch accuracy. Begin to sing in unison with others and maintain a steady tempo	Sing songs with increasing pitch accuracy and vocal control. Begin to sing in rounds.	Sing songs with greater pitch accuracy and control. Begin to sing simple harmonies. Demonstrate awareness of phrasing and dynamics.	Sing with increasing confidence, control, and expression. Perform songs with multiple parts, including simple harmonies.	Sing confidently and expressively with strong control. Perform complex songs with multiple parts and harmonies. Demonstrate understanding of vocal techniques and breathing to support singing.
Playing	Explore and control sound using tuned and untuned instruments. Maintain a steady pulse using percussion instruments.	Play tuned and untuned instruments musically with increased control. Develop ability to maintain a steady pulse and play simple instrumental patterns.	Play instruments with increasing accuracy and control. Maintain a steady beat using percussion instruments.	Play simple rhythmic patterns with accuracy. Explore playing melodies on tuned instruments.	Play instruments with increasing fluency and accuracy. Begin to interpret and perform from standard notation.	Play instruments fluently and accurately with confidence. Interpret and perform confidently from standard notation. Maintain individual parts within a group performance.
Appraising	Explore and control sound using tuned and untuned instruments. Maintain a steady pulse using percussion instruments.	Play tuned and untuned instruments musically with increased control. Develop ability to maintain a steady pulse and play simple instrumental	Play instruments with increasing accuracy and control. Maintain a steady beat using percussion instruments.	Play simple rhythmic patterns with accuracy. Explore playing melodies on tuned instruments.	Play instruments with increasing fluency and accuracy. Begin to interpret and perform from standard notation.	Play instruments fluently and accurately with confidence. Interpret and perform confidently from standard notation. Maintain individual parts within a group performance.
Composing	Listen to a variety of high- quality live and recorded music. Respond to music	Identify different moods and dynamics in music. Begin to describe music using simple vocabulary.	Listen with attention to detail and begin to recall sounds from memory.	Discuss musical elements such as pitch, tempo, and dynamics using appropriate vocabulary.	Analyse and evaluate music using appropriate musical terminology. Identify and discuss the use of musical elements	Understand and explain the historical and cultural context of music studied. Provide detailed evaluations of music,

	through movement and simple discussion.		Identify common instruments heard in music.	Compare different pieces of music and express preferences.		supporting opinions with clear reasons.
Improvising	Experiment with creating simple rhythmic patterns using body percussion and instruments. Combine a small number of sounds to create short musical pieces.	Use simple graphic symbols to represent sounds in their compositions. Begin to combine sounds with a sense of order to make music with a clear structure.	Create simple melodies and rhythms using tuned and untuned instruments. Begin to organize musical ideas within simple, given structures.	Use basic musical notation to record their compositions. Develop melodies and rhythmic patterns with increasing control and creativity.	Compose music for a range of purposes and audiences. Develop musical ideas within simple structures (e.g., binary, ternary forms).	Use technology and software to enhance and refine compositions. Create complex compositions demonstrating control over musical elements and structure.
Performing	Improvise simple rhythmic patterns using voices and body percussion. Explore making sounds with different timbres.	Improvise simple rhythmic and melodic patterns using voices and tuned/untuned instruments. Explore dynamics and expressiveness in sounds. Engage in call-and- response activities.	Improvise simple rhythmic and melodic patterns using voices and instruments. Experiment with different musical elements such as dynamics and tempo to create effects.	Develop improvisations within a given musical structure. Explore using a wider range of instruments and sounds to improvise.	Improvise with confidence using a range of musical elements (e.g., pitch, rhythm, dynamics). Develop improvisations into more structured short compositions.	Collaborate effectively with others to create and perform group improvisations. Refine and extend improvisations into polished musical ideas.
Notation	Understand and use basic symbols to represent sounds. Recognize symbols for silence (rests) and sound.	Begin to read simple rhythmic patterns using graphic notation. Reinforce understanding of symbols for silence (rests) and sound.	Read and write simple rhythmic notation. Understand the value of notes and rests.	Read and write simple melodic notation. Use standard notation to record and interpret music.	Read and interpret complex rhythmic notation. Understand key signatures	Read and interpret complex melodic notation. Understand time signatures and other musical symbols.

# IMPLEMENTATION – Music Sticky Knowledge Progression

	Autumn	Spring	Summer
Reception	My Musical Classroom	Musical Patterns & Performing	Sound Stories
	-Know how to add actions and movements to songs.	-Recognise loud and quiet sounds.	-Recognise a high and low pitch
	-To move to the pulse of the music.	-Recognise and name classroom percussion instruments.	-Follow a simple notation (using pictures or symbols).
Year 1 / 2 (A)	-Take part in a call and response chant. Move to the Beat – Exploring Pulse & Rhythm	Musical Moods & Pictures	High & Low – Exploring Pitch
	-Know how to recognise pulse, matching movements to music.	-Know how songs and music communicate different emotions.	-Know how to identify and describe pitch.
	-Know the different ways to play percussion instruments.	-Learn to follow and give simple musical instructions.	-Identify and copy simple pitch patterns to play simple listening
	-Know how to add a simple instrumental accompaniment	-Investigate different ways to express the mood of a song – adding facial	games.
		expressions and changing voices.	-Compose pitch patterns and represent them using <b>simple</b>
			graphic notation.
Year 1 / 2 (B)	Time to Play – Exploring Pulse & Rhythmic Patterns	Exploring Sounds	Patterns with Pitch – Exploring Pitch & Melody
	-Learn to recognise pulse and rhythm.	-Know how to compose short sound sequences to tell a story.	-Learn to play simple melodies using tuned percussion.
	-Create simple 4 beat rhythms and represent using graphic notation.	-Know how sounds can be produced in different ways using voices and	-Recognise pitch and timbre of instruments.
	-Learn to recognise the difference between pulse and rhythm.	instruments.	-Describe pitch and timbre of instruments.
		-Recognise how composers use dynamics, tempo and timbre to reflect a	
		character or feeling.	
Year 3	Here It, Play It! – Exploring Rhythmic Patterns	Painting Pictures with Sounds	Sing, Play, Notate!
	-Identify and play rhythm using body percussion and instruments.	-Know how to identify and describe the dimensions which make up	-Know how to identify and describe the direction of pitch in
	-Perform call and response songs and compose their own call and	music.	simple melodies.
	response.	-Know how to create suitable music to accompany song lyrics and	-Explore the pentatonic scales.
	-Know how to compose simple rhythmic patterns using graphic notation.	poetry.	-Perform music for a performance.
	notation.	-Know how to create and organise music with layers of musical sound	
		(texture) and represent using graphical notation.	
Year 4 / 5 (A)	Rhythm Builders – Exploring Rhythmic Layers	Musical Contrasts	Song Ingredients – Exploring Melody, Harmony & Lyrics
	-Develop ensemble skills	-Know how instruments can be grouped and classified in different ways.	-Know how songs can reflect the time and place in which they
	-Develop their understanding of rhythm and rhythmic notation with	-Know how to explore instrumental timbres.	are written.
	increasing accuracy.	-Identify changes in tonality, developing recognition of major and minor	- Contribute to a class performance with increased confidence.
	-Explore time signatures learning to feel the difference between three	chords.	-Develop understanding of intervals, scales and chords.
	and four beats in a bar.		
Year 4 / 5 (B)	Playing with Rhythm – Playing Together & Rhythmic Structures	Music and Words	Melody Builders – Exploring Melodies & Song Structures
	-Develop ensemble skills, learning to perform together rhythmically.	-Know how to explore songs and musical activities to develop	-Know how to describe and internalise pitch and use their
	-Know how to play from a range of rhythmic notations performing as	understanding of the interrelated dimensions of music.	'thinking voice'.
	a class or small groups.	-Know about musical styles such as jazz and influential musicians.	-Know how to compose melodies and record using graphic and
	-Know how to compose in a rhythmic framework [e.g. writing lyrics to	-Improvise rhythmic and melodic patterns to a four-beat pulse.	letter notation.
	fit a melody].		-Contribute to a class performance with increased confidence.
Year 6	We've Got Rhythm – Rhythmic Devices & Structure	Musical Effects & Moods	Celebrating Songs
	-Explore time signatures and through songs and collaborative rhythm	-Know how consonant and dissonant sounds in harmony can create	-Know how composers use the inter-related dimensions to
	games, get a feel for six / eight rhythms.	moods and atmosphere.	communicate the message of a song.
	-Know how to identify changes in time signature.	-Develop improvisation skills when using vocals and instrumental	-Know how to identify and describe melodic sequences in songs.
	-Perform rhythms expressively, experimenting with vocal and	sounds.	-Take a prominent role in performing for a specific occasion.
	instrumental effects by varying articulation, dynamics and timbre.		

	EYFS	KS1	LKS2	UKS2
Singing	Children join in with familiar songs, nursery rhymes and action songs, developing pitch-matching and vocal confidence. Begin to explore using their voices expressively (e.g., loud/quiet, high/low) in response to musical prompts and stories.	Sing simple songs and chants with accurate pitch. Use voices expressively and creatively. Begin to sing in unison and maintain a steady tempo	Sing songs with increasing pitch accuracy and control. Begin to sing in rounds and simple harmonies. Demonstrate awareness of phrasing and dynamic	Sing with confidence, control, and expression. Perform songs with multiple parts and harmonies. Demonstrate understanding of vocal techniques and breathing
Playing	Explore and play untuned percussion instruments and body percussion	Play tuned and untuned instruments musically. Explore and control sound through simple instrumental patterns. Maintain a steady pulse using percussion instruments	Play instruments with accuracy and control. Maintain a steady beat and play simple rhythmic patterns. Explore playing melodies on tuned instruments	Play instruments with fluency and accuracy. Interpret and perform from standard notation. Maintain individual parts within group performance
Appraising	Listen to a variety of musical styles and cultures via curated tracks and respond through movement or drawing. Begin to describe how music makes them feel using simple language (e.g., happy, sleepy, loud, fast).	Listen to a range of high-quality live and recorded music. Identify different moods and dynamics in music. Respond to music through movement and discussion	Listen with attention to detail and recall sounds with increasing aural memory. Identify instruments and discuss musical elements. Compare pieces of music using appropriate vocabulary.	Analyse and evaluate music using appropriate terminology. Understand the historical and cultural context of music. Identify and discuss the use of musical elements in compositions.
Composing	Create short musical patterns using voice, instruments, or found sounds, inspired by story-based prompts. Begin to select and combine sounds for a specific purpose (e.g., making a storm soundscape).	Experiment with creating simple rhythmic patterns. Combine sounds to create short musical pieces. Use graphic symbols to represent sounds	Create simple melodies and rhythms. Organize musical ideas within given structures. Use notation to record compositions.	Compose music for a range of purposes and audiences. Develop ideas within musical structures (e.g., ternary form). Use technology to enhance compositions
Improvising	Clap simple repeated rhythms Be encouraged to improvise and play classroom instruments.	Improvise simple rhythmic patterns using voices and instruments. Explore making sounds with different timbres and dynamics. Engage in call-and-response activities	Improvise rhythmic and melodic patterns. Experiment with different musical elements to create effects. Develop improvisations within a given structure	Improvise with confidence using a range of musical elements. Develop improvisations into structured compositions. Collaborate with others to create musical ideas.
Performing	Develop confidence in performing to perform in front of others. Share and perform using classroom instruments.	Perform simple pieces using voice and instruments. Follow a conductor or leader. Participate in group performances with awareness of others	Perform with increasing accuracy, fluency, and expression. Play and sing in ensemble contexts. Follow musical directions and cues.	Perform with accuracy, expression, and awareness of audience. Lead and take part in ensemble performances. Evaluate performances and suggest improvements
Notation	Use pictures, symbols, or marks to represent different sounds and patterns they have created or heard.	Understand and use basic symbols to represent sounds. Begin to read simple rhythmic patterns using graphic notation. Recognize symbols for silence (rests) and sound	Read and write simple rhythmic and melodic notation. Understand the value of notes and rests. Use standard notation to record and interpret music	Read and interpret complex rhythmic and melodic notation. Understand key signatures, time signatures, and other musical symbols.

## **IMPLEMENTATION – Music in EYFS**

#### Why do we teach Music? Why do we teach it the way we do?

At Hunton & Arrathorne Primary School our Music Curriculum in the Early Years Foundation stage intends to inspire creativity, selfexpression and confidence. We aim to develop the children's knowledge and appreciation of music from different period, genres, traditions and styles. A love of music is fostered through exposing children to diverse musical experiences, composing using percussion instruments, finding their voices as singers and developing their confidence as performers.

#### What do we teach? What does this look like?

At our school, we believe music is a unique way of communicating that can inspire and motivate children. The children's music journey begins by encouraging them to explore making different sounds in different ways, listen and respond to a range of music and sing songs and nursery rhymes. In Reception we have adopted the 'Sparkyard' music scheme as we believe in a practical, exploratory and child led approach to musical learning. The children engage in weekly sessions to develop their understanding of music. The children are exposed to music of different periods, genres, traditions and styles. In the Early Years Foundation there are continuous provision areas where the children have access to a range of quality resources. It is in these areas where the children develop their love of music, creating their own compositions and perform for each other. It also ensures that children acquire the musical vocabulary and skills to develop their ability to compose and play music. The children experience performing to a wider audience in our Christmas nativity plays.

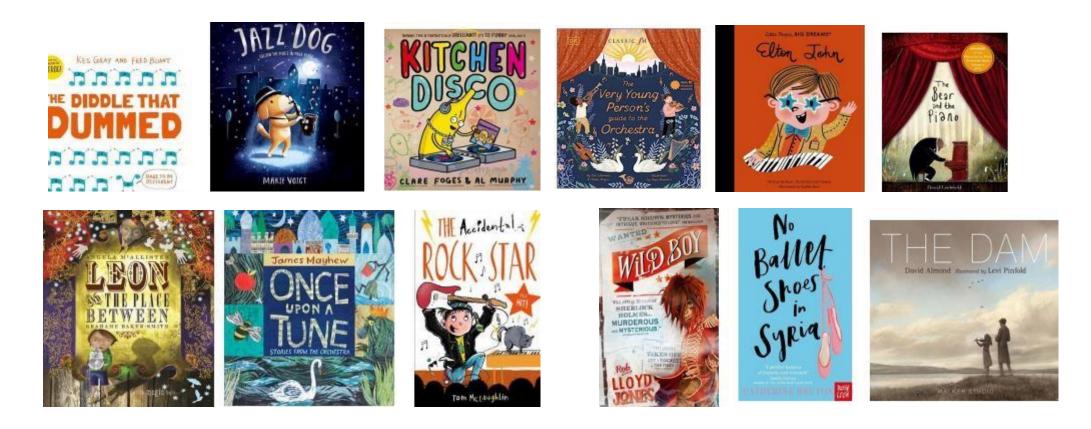

#### What will this look like? By the time children leave our EYFS they will able to:

Expressive Arts and Design

- Sing a range of well-known nursery rhymes and songs.
- Perform songs, rhymes, poems and stories with others, and (when appropriate) try to move in time with music.

## **IMPLEMENTATION – Reading as Musicians...**

As Lifelong Readers, we want to inspire our children to 'read as musicians'. We have a carefully planned and sequenced reading spine to further engage the children and provide them with high quality texts in line with their current topic in music. Please see a sample of our core texts for Music below.

# IMPACT- The Music Curriculum

Whilst in school, children have access to a varied programme, which allows students to discover areas of strength, as well as areas they might like to improve upon. The integral nature of music and the learner creates an enormously rich palette from which a student may access fundamental abilities such as: achievement, self-confidence, interaction with and awareness of others, and self-reflection. Music will also develop an understanding of culture and history, both in relation to students individually, as well as ethnicities from across the world. Children are able to enjoy music, in as many ways as they choose- either as listener, creator or performer. They can dissect music and comprehend its parts. They can sing and feel a pulse. They understand how to further develop skills less known to them, should they ever develop an interest in their lives.
