Medicines in School

Dear Parents,

We are currently updating the medical register we hold in school (our list of children with medical conditions and prescribed medication for them). Although we do hold the information on file, we are aware that some children's conditions or prescribed medicines may have changed – for example your child may no longer require an inhaler.

We would be grateful if you could please return the information slip below so we can keep our records up to date. Following this, if we hold medication in school for your child, we will be checking the medicine to ensure we still hold an appropriate stock if needed. Please note we are only able to administer medicine prescribed by a doctor or pharmacist.

Thank you for your cooperation in this important matter.

Kind regards,

A handwritten signature in black ink, appearing to read 'S Donaldson'.

Mr. S Donaldson
