CHICKENSHED

THEATRE CHANGING LIVES

This month we're using our front page to promote a charity that is close to our heart! On the 27th April No Shelf Control will be running the London Marathon for this amazing charity.

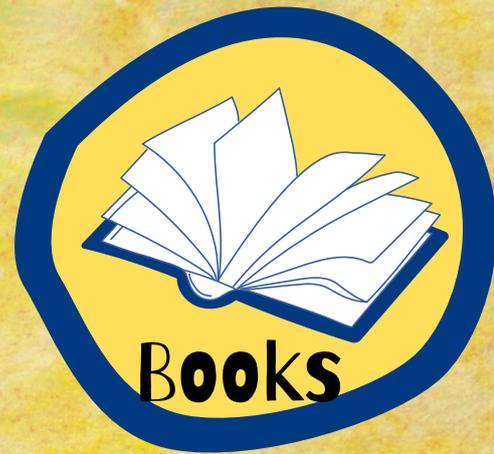

Chickenshed is an inclusive theatre company that uses the power of performance to change lives. Based in North London, it brings together young people of all abilities, backgrounds, and identities to create inspirational theatre. Through drama, music, and dance, Chickenshed provides a platform for voices that are often unheard, fostering creativity, confidence, and community. Their unique approach ensures everyone is welcome and able to contribute, regardless of disability or circumstance. Beyond the stage, Chickenshed runs education and outreach programs that empower thousands of children and young people each year. It's more than theatre - it's a movement for inclusion.

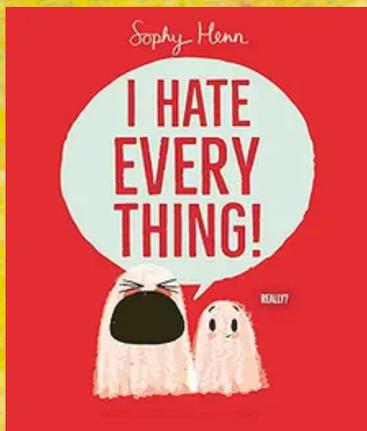

Before becoming a teacher, I worked for the company and saw first hand what amazing work they did for the community and for the young people they served. They inspired me to become a teacher and I decided that I wanted to give something back to them for changing my life and many others!
